

## RoHS Konformitätserklärung

Die Richtlinie 2002/95/EG der Europäischen Union zur Beschränkung und Verwendung bestimmter gefährlicher Stoffe in elektrischen und elektronischen Geräten (RoHS), trat am 1. Juli 2006 in Kraft. Dabei handelt es sich namentlich um folgende Substanzen:

- Blei (Pb)
- Cadmium (Cd)
- Hexavalentes Chrom (CrVI)
- Polybromierte Biphenyle (PBB)
- Polybromierte Diphenylether (PBDE)
- Quecksilber (Hg)

Vögtlin Instruments AG erklärt hiermit, dass seit Juli 2006 sämtliche unserer Produkte RoHS-konform produziert werden.

Gleichzeitig befolgen wir die EU Richtlinie 2002/96/EG (WEEE: Waste from Electrical and Electronic Equipment).

## RoHS Declaration of Conformity

Directive 2002/95/EC of the European Union on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS) became operative as from July 1st, 2006. Following substances namely are involved:

- Lead (Pb)
- Cadmium (Cd)
- Hexavalent chromium (CrVI)
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)
- Mercury (Hg)

Vögtlin Instruments AG herewith declares that since July 2006, all of our products are manufactured RoHS conformal.

At the same time we follow the directive 2002/96/EG of the European Union on Waste from Electrical and Electronic Equipment (WEEE).

Vögtlin Instruments AG, Aesch (Switzerland), January 2010
